## **NOTICE: CAMPERDOWN RATE PAYERS**

### **RE: TERMINATION OF GARDEN WASTE SERVICES**

Following intensive research and consultation, the Council of Mkhambathini Municipality has resolved to terminate the Garden Waste Services which was only rendered in the Camperdown area (Council resolution of 29 August 2018).

This decision was informed by the continued strain exerted by the garden waste services on the waste management activities and budget. ***For years this services have been rendered free of charge over and above the mandatory domestic waste removal services which the rate payers are only billed for.***

The following issues were taken into consideration:

- Fuel and Maintenance costs for the truck collecting garden waste.
- Dumping fees charged at the garden waste dumping site.
- Additional part time staff added to render these services (as Wednesdays are allocated to town/ street cleaning by permanent staff members).

Please note that notices (issued by the waste management section) about the garden waste collection challenges have been continuously posted on our social media networks.

We therefore request that each household ensures that it takes responsibility of its garden waste as stipulated in the *National Waste Management Amended Act no 59 of 2008* section 23 (b) and 25 (c)

I trust that you will receive the above in order.

Yours faithfully

**MS. T.C. NDLELA**

**MUNICIPAL MANAGER**
