

18-10-17.

After releasing a draft logo for comments in July this year in our Website, Office and Facebook page and receiving overwhelming support for the new design, we have now concluded the process with councillors at a Full Council meeting adopting the logo as the official representation of Mkhambathini Municipality.

Please be advised that the new logo will be implemented in phases. The following items will have to use the new logo with immediate effect:

1. Letterheads
2. Council Agenda and Items
3. Attendance Registers
4. Website/Facebook
5. Boards that are used by our contractors and consultants on construction sites.

In the next financial year we will be in a position to change branding of the municipal offices, vehicles and banner materials.

We thank you for your engagement in this process.

Regards.

TC Ndlela

Municipal Manager (for enquires: enquiriesmm@mkhambathini.local)
