# **Part 1 – Annual Budget**

## **1.1 Mayor’s Report**

### **SPEECH BY THE MAYOR OF MKHAMBATHINI MUNICIPALITY**

**CLLR. N. Ntombela PRESENTED TO THE MUNICIPAL COUNCIL ON THE OCCASION OF THE  
TABLING OF THE 2022/2023, 2023/2024 and 2024/2025 DRAFT BUDGET IN THE COUNCIL  
CHAMBERS, CAMPERDOWN,**

**ON THURSDAY, 26 May 2022**

Speaker of the Council,

Deputy Mayor,

Executive Committee Members,

Councillors,

Traditional leaders,

Acting Municipal Manager,

All Senior Managers,

Chief Financial Officer,

All Staff members present,

Members of the media if any are present and Public,

Distinguish guest, Ladies and Gentlemen.

It is a great honour to present to you the multi-year budget for Mkhambathini Municipality in respect of the 2022/23, 2023/24 and 2024/25 financial years.

Speaker and members of Council, this multi-year budget is tabled in terms of the Municipal Finance Management Act (MFMA), No 56 of 2003 and in terms of the Municipal Budget & Reporting Regulations. The MFMA requires that the budget be tabled ninety (90) days before the start of the financial year and we are fully complying with this requirement. It is the intention to have this budget finally approved on 26 May 2022 which will be in compliance of the requirements of the MFMA.

Inflation is forecast to remain within the target range of 6.1 to 5.8 percent as per MFMA circular 111 and 112 issued by National Treasury. This was taken into account when the budget was compiled.

Cognisance should be taken that the SALGA is currently engaging with the trade unions for the new collective agreement on the staff salaries increment which has not yet been finalised however the projected increment of 5% was used when doing the budget.

Speaker, Council's reviewed IDP tabled in this meeting informs the 2022/23 financial year's Budget. I am pleased to announce that this budget is aligned to the final revised IDP. Due to the current financial situation of Mkhambathini Municipality, the municipality will only be able to fund the capital projects through the Municipal Infrastructure Grant which amounts to R 17.7 million and own generated revenue of R2.5million. Few projects are funded from the Municipality's own reserves as per the detailed capital budget.

### **Governance**

The Internal Audit Activity stills operate as an outsourced Internal Audit Services which is an indication of a commitment in promoting good governance. Internal Audit Activity has formed a working relationship with the Provincial Internal Audit Unit and National Treasury Risk and Internal Audit Support Unit for skills and resources sharing and to strengthen the Internal Audit Activities operations. A risk based audit plan has been developed and systems of internal control were tested to effectively monitor the vulnerability of operations within the municipality. Internal Audit also meets on a regular basis as well MPAC.

### **Housing**

Speaker, we have housing projects within the Mkhambathini Municipality. To date, low-income houses have been constructed. The amount of R13.million has been allocated for Mkhambathini Municipality

### **Property Rates**

- The current General Valuation Roll validity period is coming to an end on 30 June 2024. The municipality appointed a service provider to prepare the New General Valuation Roll to be implemented as from 01 July 2024 with a validity period being 5 years. The process of inspection of the roll is currently under way.
- The currently year's Supplementary valuation roll has been received and is going to be advertised for comment in November 2021 for comment before being implemented. The Rates Policy has been amended to make provision for the changes in the amendments to the Property rates act and regulations.
- There will be rates exemption up to R300 000 of the valuation for residential properties in as granted in the previous years.
- There will be rates exemption up 50% for agriculture and the council took a resolution to not impose penalties for rate, this was made for COVID 19 relief.

I must mention Speaker, that after this meeting, the municipality will have public participation process to showcase the IDP and Budget and to share with our people different views on what I am about to table to this Council.

### **Back to basics**

Speaker, we all aware of the concept of Back to basics and the importance of implementing a back to basic plan. We are fortunate that through the COGTA assessment, Mkhambathini Municipality was found to be functional, but we must still make every effort to improve on upholding the 5 pillars of the Back-to-Basics concept and improve the lives of our citizens. We continue to align ourselves to the programmes rolled out by National and Provincial Government. We have provided an amount in our budget to deal with some priorities of Back to basics.

### **MSCOA**

Speaker, Local Government has seen many reforms since the Implementation of the Municipal Management Finance Act over the years. Recently National Treasury has commenced with the roll out of programmes to implement the Municipal standard chart of accounts – mSCOA. A lot more needs to be done to implement this new reform as we go live on 1 July 2017. Funding for implementation mSCOA is from the Financial Management Grant and Municipal System Improvement Grant and own funding. Reports have been coming to Council during the last 3 years on the implementation and readiness towards mSCOA.

### **Current Economic Conditions and Funding**

Speaker, as you are aware, the Country is experiencing harsh economic times and is experiencing a severe drought. As a result of this, food prices and other essential commodities are rising rapidly. This prompted National and Provincial Government to introduce cost cutting and saving measures in order to deliver services and sacrifice effectively. As the result of this funding to Local Government has been being reduced. Grant funding has been reduced and affects, Equitable Share and MIG. The effect of Governments austerity measures has placed the Municipal budget under pressure and the Municipality has also embarked on cost saving measures and introduced them in this budget. Prudent Financial Management and constant monitoring of the budget must take place during the year through in year monitoring.

I THANK YOU

## **1.2 Council Resolutions**

1. That in terms of section 24 of the Municipal Finance Management Act, 56 of 2003, the annual budget of Mkhambathini Municipality for the financial year 2022/2023 and indicative allocations for the two projected outer years 2023/2024 and 2024/2025, and the multi-year and single year capital appropriations are approved as set out in the following tables:
  - 1.1 Budgeted Financial Performance (revenue & expenditure by standard classification)
  - 1.2 Budgeted Financial Performance (revenue and expenditure by municipal vote)
  - 1.3 Budgeted Financial Performance (revenue by source and expenditure by type)
  - 1.4 Single year capital appropriations by municipal vote and standard classification and associated funding by source
2. That the annual budget and Medium-Term Revenue and Expenditure Framework (MTEF) for the three-year period commencing in 2022/2023 financial year be adopted.
3. To take note of the operational and Capital budget for the outer years 2023/2024 and 2024/2025.
4. That the financial position, cash flow, cash-backed reserve/accumulated surplus, asset management and basic service delivery targets are adopted as set out in the following tables
  - 4.1 Budgeted Financial Position
  - 4.2 Budgeted Cash Flows
  - 4.3 Cash backed reserves and accumulated surplus reconciliation
  - 4.4 Asset Management
  - 4.5 Basic service delivery measurement
5. That in terms of section 24(2)(c)(ii) of the Municipal Finance Management Act, 56 of 2003, the measurable performance objectives for capital and operating expenditure by vote for each year of the Medium-Term Revenue and Expenditure Framework be adopted
6. To take note that provision was made for a general increase of 5% on Employee Related Costs and 5% provision for the Upper limits for Remuneration and allowances for Councillors, implementation being subject to the confirmation by the SALGBC for employees and approval by MEC for Co-operative Governance and Traditional Affairs for Councillors.

7. To take note that the Municipal Budget related polices, mSCOA Regulations, Integrated Development Plan, MFMA Budget Circular (93 &94) was observed and taken into account in the compilation of the budget.
8. Those copies of the budget are submitted to National Treasury, COGTA, and Provincial Treasury as per the requirements of the MFMA.
9. That in terms of section 5 of the Municipal Property Rates Act, 6 of 2004, the rates policy as amended be adopted
10. That in terms of section 24(2) (c) (v) of the Municipal Finance Management Act, 56 of 2003 the various budget-related policies as amended be adopted.
11. That in terms of section 14 of the Municipal Property Rates Act, 6 of 2004 the rate randage and conditions as set out in other Supporting Documents be adopted.
12. That the tabled budget for the year 2022/2023 & indicative figures for the 2 projected outer years be adopted by Council as set out in the following schedules:
  - Table A1 Budget Summary
  - Table A2 Budgeted Financial Performance (By Standard Classification)
  - Table A3 Budgeted Financial Performance (By Municipal Vote)
  - Table A4 Budgeted Financial Performance (Revenue & Expenditure)
  - Table A5 Budgeted Capital Expenditure
  - Table A6 Budgeted Financial Position
  - Table A7 Budgeted Cash Flows
  - Table A8 Cash Backed Reserves
  - Table A9 Asset Management
  - Table A10 Basic Service Delivery Measurement
  
  - Supporting documents from SA1 – SA37

That once this budget is tabled the information be uploaded to the LG Portal with the necessary MSCOA information

### **1.3 Executive Summary**

The application of sound financial management principles for the compilation of the Municipality's financial plan is essential and critical to ensure that the Municipality remains financially viable and that municipal services are provided sustainable, economically and equitably to all communities.

The Municipality's business and service delivery priorities were reviewed as part of this year's planning and budget process. Where appropriate, funds were transferred from low- to high-priority programmes so as to maintain sound financial stewardship. A critical review was also undertaken of expenditures on non-core and 'nice to have' items. Key areas where savings were realized were on telephone and internet usage, printing, workshops, travel, accommodation, and catering.

The Municipality has embarked on implementing a revenue collection strategies to optimize the collection of debt owed by ratepayers. In addition to supplementing the declining revenue base, and reduction in grant funding the Municipality has introduced a refuse tariff to areas within the Municipality which refuse is being collected. The tariff which is being introduced will be reviewed during the course of the year to ensure that it is cost reflective and sustainable, however this is still a challenge as the service is only be carried out in the urban area of Camperdown

National Treasury's MFMA No. 112 was used to guide the compilation of the 2022/23 MTREF.

The main challenges experienced during the compilation of the 2022/23 MTREF can be summarised as follows:

- The ongoing difficulties in the national and local economy
- Aging and poorly maintained roads infrastructure
- The need to reprioritise projects and expenditure within the existing resource envelope given the cash flow realities and limited cash position of the municipality
- Wage increases for municipal staff that continue to exceed consumer inflation, as well as the need to fill critical vacancies
- Affordability of capital projects – allocations had to be reduced to grant funded projects and the operational expenditure associated with prior year's capital investments needed to be factored into the budget as part of the 2022/23 MTREF process; and
- The implementation of a sustainable refuse tariff

The following budget principles and guidelines directly informed the compilation of the 2022/23 MTREF:

- The 2021/22 Adjustments Budget priorities and targets, as well as the base line allocations contained in that Adjustments Budget were adopted as the upper limits for the new baselines for the 2022/23 annual budget
- Intermediate service level standards were used to inform the measurable objectives, targets and backlog eradication goals
- Tariff and property rate increases should be affordable and should generally not exceed inflation as measured by the NT.
- There will be no budget allocated to national and provincial funded projects unless the necessary grants to the municipality are reflected in the national and provincial budget and have been gazetted as required by the annual Division of Revenue Act

In view of the aforementioned, the following table is a consolidated overview of the proposed 2022/23 Medium-term Revenue and Expenditure Framework:

**Table 1 Consolidated Overview of the 2022/23 MTREF**

Description	Adjusted Budget 2021/22	Budget 2022/23	Year 1 Budget 2023/24	Year 2 Budget 2024/25
Total Operating Revenue	109,191,000	118,924,337	118,132,619	125,257,450
Total Operating Expenditure	148,894,000	126,611,096	125,375,785	153,555,135
Surplus/ Deficit	<b>(39,703,000)</b>	<b>(7,686,759)</b>	<b>(7,243,166)</b>	<b>(28,297,685)</b>
Total Capital Expenditure	<b>56,067,000</b>	<b>20,281,000</b>	<b>19,694,000</b>	<b>20,646,000</b>

Total operating revenue has increased by R 9,7 million for the 2022/23 financial year when compared to the 2020/21 Adjustments Budget. For the two outer years, operational revenue will decrease in 2023/24 financial year by R 791,718 and increase in 2024/25 financial year by R7,124 million.

Total operating expenditure has decreased by R 22,282 million for the 2022/23 financial year when compared to the 2021/22 Adjustments Budget. For the two outer years, operational expenditure will decrease in 2023/24 financial year by R 1,235 million and increase in 2024/25 financial year by R 28,179 million

Total Capital Expenditure has decreased by R 35,586 million for the 2022/23 financial year when compared to the 2021/22 Adjustments Budget. For the two outer years, capital will decrease in 2023/24 financial year by R 787,000 and increase in 2024/25 financial year by R 952,000

#### **1.4 Operating Revenue Framework**

For Mkhambathini Municipality to continue improving the quality of services provided to its citizens it needs to generate the required revenue. In these tough economic times strong revenue management is fundamental to the financial sustainability of every municipality. The reality is that we are faced with development backlogs and poverty. The expenditure required to address these challenges will inevitably always exceed available funding; hence difficult choices have to be made in relation to tariff increases and balancing expenditures against realistically anticipated revenues.

The municipality's revenue strategy is built around the following key components:

- National Treasury's guidelines and macroeconomic policy
- Growth in the Municipality and continued economic development

- Efficient revenue management, which aims to ensure a 85 per cent annual collection rate for property rates and other key service charges over the next two financial years.
- The municipality's Property Rates Policy approved in terms of the Municipal Property Rates Act, 2004 (Act 6 of 2004) (MPRA);
- The municipality's Indigent Policy and rendering of free basic services; and
- Tariff policies of the Municipality.

The following table is a summary of the 2022/23 MTREF (classified by main revenue source):

**Table 2 Summary of revenue classified by main revenue source**

**Table 3 Percentage growth in revenue by main revenue source**

Revenue generated from rates forms a minor part of income generated by the Municipality. The majority of Municipal revenue come from equitable share. Operating Grants & Subsidies are also a source.

The format prescribed by National Treasury has been used to prepare the above schedule and the operating statement has excluded the capital transfers to allow the user to see whether the operating activities of municipality results to the deficit or surplus.

The municipality depends on grants mostly. The total projected income of R118,924 million will be received from grants (71%), Property Rates (19%), licences and permits (6%), interest earned from investment (3%), other revenue (0%) and Service charges – refuse (1%).

The revenue as per chart is as follows:

Tariff-setting is a pivotal and strategic part of the compilation of any budget. When rates, tariffs and other charges were revised, local economic conditions, input costs and the affordability of services were taken into account to ensure the financial sustainability of the Municipality.

National Treasury continues to encourage municipalities to keep increases in rates, tariffs and other charges as low as possible. Municipalities must justify in their budget documentation all increases in excess of the 6 per cent upper boundary of the South African Reserve Bank's inflation target. Excessive increases are likely to be counterproductive, resulting in higher levels of non-payment.

It must also be appreciated that the consumer price index, as measured by CPI, is not a good measure of the cost increases of goods and services relevant to municipalities. The basket of goods and services utilised for the calculation of the CPI consist of items such as food, petrol and

medical services, whereas the cost drivers of a municipality are informed by items such as the cost of remuneration, bulk purchases of electricity, petrol, diesel, chemicals, cement etc. The current challenge facing the Municipality is managing the gap between cost drivers and tariffs levied, as any shortfall must be made up by either operational efficiency gains or service level reductions. Within this framework the Municipality has undertaken the tariff setting process relating to service charges as follows.

#### **1.4.1 Property Rates**

Property rates cover the cost of the provision of general services and repairs and maintenance. Determining the effective property rate tariff is therefore an integral part of the municipality's budgeting process.

National Treasury's MFMA Circulars No.58 and 59 deals, inter alia with the implementation of the Municipal Property Rates Act, with the regulations issued by the Department of Co-operative Governance. These regulations came into effect on 1 July 2009 and prescribe the rate ratio for the non-residential categories, public service infrastructure and agricultural properties relative to residential properties to be 0.25:1. The implementation of these regulations was done in the previous budget process and the Property Rates Policy of the Municipality has been amended accordingly.

Property rates cover the cost of the provision of general services. Determining the effective property rate tariff is therefore an integral part of the municipality's budgeting process. The first R15 000 of the market value of a property used for residential purposes is excluded from the rateable value (Section 17(h) of the MPRA). In addition to this rebate, a further R285 000 reduction on the market value of a property will be granted in terms of Mkhambathini Municipality's proposed Property Rates Policy implemented in 2019/2020 to address the value of the properties for indigent household taking into account the RDP House value.

The proposed property rates tariff for 2019/2020 financial year has been calculated in compliance with the MPRA regulations which stipulate the ratios of tariffs per category. The revenue forgone has been calculated to R 1 737 312 based on the R285 000 reduction amount on all residential properties and 20% rebate for all properties owned by pensioners.

## 1.5 Operating Expenditure Framework

The Municipality's expenditure framework for the 2022/2023 budget and MTREF is informed by the following:

- The repairs and maintenance plan;
- Balanced budget constraint (operating expenditure should not exceed operating revenue) unless there are existing uncommitted cash-backed reserves to fund any deficit;
- Funding of the budget over the medium-term as informed by Section 18 and 19 of the MFMA;
- The capital programme is aligned to the asset renewal strategy and backlog eradication plan;
- Operational gains and efficiencies will be directed to funding the capital budget and other core services; and

- Strict adherence to the principle of *no project plan no budget*. If there is no business plan no funding allocation can be made.

The following table is a high level summary of the 2022/23 budget and MTREF (classified per main type of operating expenditure):

**KZN226 Mkhambathini - Table A4 Budgeted Financial Performance (revenue and expenditure)**

**Table 6 Summary of operating expenditure by standard classification item**

The budgeted allocation for employee related costs for the 2022/23 financial year totals R 60, 044 million, which equals 47.3 per cent of the total operating expenditure. Salary increases have been factored into this budget at a percentage increase of 7 per cent for the 2022/23 financial year. An annual increase on salaries of 5 per cent has been included in the two outer years of the MTREF

to be conservative and implement cost cutting measures, the increase in salaries is mostly because of new budgeted positions for the 2022/2023 financial year. The cost associated with the remuneration of councillors is determined by the Minister of Co-operative Governance and Traditional Affairs in accordance with the Remuneration of Public Office Bearers Act, 1998 (Act 20 of 1998). The most recent proclamation in this regard has been taken into account in compiling the Municipality's budget.

Provision for depreciation and asset impairment has been informed by the Municipality's Asset Management Policy. Depreciation is widely considered a proxy for the measurement of the rate of asset consumption. Budget appropriations in this regard total R 12 million for the 2022/23 financial year and equates to 9.5 per cent of the total operating expenditure.

Other expenditure comprises of various line items relating to the daily operations of the municipality. This group of expenditure has also been identified as an area in which cost savings and efficiencies can be achieved. Growth has been limited to 4 per cent for 4 and curbed at 4 per cent for the two outer years, indicating that significant cost savings have been already realised.

**The expenditure as per chart is as follows:**

### 1.5.1 Priority given to repairs and maintenance

Aligned to the priority being given to preserving and maintaining the Municipality's current infrastructure, the 2022/23 budget and MTREF provide for extensive growth in the area of asset maintenance, as informed by the asset renewal strategy and repairs and maintenance plan of the

Municipality. In terms of the Municipal Budget and Reporting Regulations, operational repairs and maintenance is not considered a direct expenditure driver but an outcome of certain other expenditures, such as remuneration, purchases of materials and contracted services. Considering these cost drivers, the following table is a consolidation of all the expenditures associated with repairs and maintenance

**1.5.2 Free Basic Services: Basic Social Services Package**

The social package assists households that are poor or face other circumstances that limit their ability to pay for services. To receive these free services the households are required to register in terms of the Municipality’s Indigent Policy.

The cost of the social package of the registered indigent households is largely financed by national government through the local government equitable share received in terms of the annual Division of Revenue Act. And takes the form of social relief for the family of deceased persons who are destitute without income.

For 2022/23 an amount of R 20,281 million has been appropriated for the development of infrastructure, internal fund is R2,500 million and R15,462 million exclusive of VAT for MIG. In the outer years this amount totals R19.694 million, and R20.646 million, respectively for each of the financial years.

### **Annual Budget Tables - Parent Municipality**

The following eighteen pages present the ten main budget tables as required in terms of section 8 of the Municipal Budget and Reporting Regulations. These tables set out the municipality's 2022/23 budget and MTREF as approved by the Council. Each table is accompanied by *explanatory notes* on the facing page.

## **Explanatory notes to MBRR Table A1 - Budget Summary**

1. Table A1 is a budget summary and provides a concise overview of the Municipality's budget from all of the major financial perspectives (operating, capital expenditure, financial position, cash flow, and MFMA funding compliance).
2. The table provides an overview of the amounts approved by Council for operating performance, resources deployed to capital expenditure, financial position, cash and funding compliance, as well as the municipality's commitment to eliminating basic service delivery backlogs.
3. Financial management reforms emphasises the importance of the municipal budget being funded. This requires the simultaneous assessment of the Financial Performance, Financial Position and Cash Flow Budgets, along with the Capital Budget. The Budget Summary provides the key information in this regard:
  - a. The operating surplus/deficit (after Total Expenditure) is positive over the MTREF
  - b. Capital expenditure is balanced by capital funding sources, of which
    - i. Transfers recognised is reflected on the Financial Performance Budget;
    - ii. Borrowing is incorporated in the net cash from financing on the Cash Flow Budget
    - iii. Internally generated funds are financed from a combination of the current operating surplus and accumulated cash-backed surpluses from previous years. The amount is incorporated in the Net cash from investing on the Cash Flow Budget. The fact that the municipality's cash flow remains positive, and is improving indicates that the necessary cash resources are available to fund the Capital Budget.

**Explanatory notes to MBRR Table A2 - Budgeted Financial Performance (revenue and expenditure by standard classification)**

1. Table A2 is a view of the budgeted financial performance in relation to revenue and expenditure per standard classification. The modified GFS standard classification divides the municipal services into 9 functional areas. Municipal revenue, operating expenditure and capital expenditure are then classified in terms of each of these functional areas which enables the National Treasury to compile 'whole of government' reports.
2. Note the Total Revenue on this table includes capital revenues (Transfers recognised – capital) and so does not balance to the operating revenue shown on Table A4.
3. Note that as a general principle the revenues for the Trading Services should exceed their expenditures.
4. Other functions that show a deficit between revenue and expenditure are being financed from rates revenues and other revenue sources reflected under Executive & Council.

**Explanatory notes to MBRR Table A3 - Budgeted Financial Performance (revenue and expenditure by municipal vote)**

1. Table A3 is a view of the budgeted financial performance in relation to the revenue and expenditure per municipal vote. This table facilitates the view of the budgeted operating performance in relation to the organisational structure of the Municipality. This means it is possible to present the operating surplus or deficit of a vote. The following table is an analysis of the surplus or deficit for the electricity trading service.

**Table 16 MBRR Table A4 - Budgeted Financial Performance (revenue and expenditure)**

**Explanatory notes to Table A4 - Budgeted Financial Performance (revenue and expenditure)**

1. Total revenue is R118,924 million in 2022/23 and escalates to R 118,133 million by 2024.
2. Transfers recognised – operating includes the local government equitable share and other operating grants from national and provincial government.
3. Employee related costs is the main cost drivers within the municipality and alternative operational gains and efficiencies will have to be identified to lessen the impact of wage increases in future years.

**Explanatory notes to Table A5 - Budgeted Capital Expenditure by vote, standard classification and funding source**

1. Table A5 is a breakdown of the capital programme in relation to capital expenditure by municipal vote (single-year appropriations); capital expenditure by standard classification; and the funding sources necessary to fund the capital budget, including information on capital transfers from national and provincial departments.
2. The MFMA provides that a municipality may approve multi-year or single-year capital budget appropriations.

**Explanatory notes to Table A6 - Budgeted Financial Position**

1. Table A6 is consistent with international standards of good financial management practice and improves understandability for councilors and management of the impact of the budget on the statement of financial position (balance sheet).
2. This format of presenting the statement of financial position is aligned to GRAP1, which is generally aligned to the international version which presents Assets less Liabilities as “accounting” Community Wealth. The order of items within each group illustrates items in order of liquidity; i.e. assets readily converted to cash, or liabilities immediately required to be met from cash, appear first.
3. The municipal equivalent of equity is Community Wealth/Equity. The justification is that ownership and the net assets of the municipality belong to the community.
4. Any movement on the Budgeted Financial Performance or the Capital Budget will inevitably impact on the Budgeted Financial Position. As an example, the collection rate assumption will impact on the cash position of the municipality and subsequently inform the level of cash and cash equivalents at year end. Similarly, the collection rate assumption should inform the budget appropriation for debt impairment which in turn would impact on the provision for bad debt.

**Explanatory notes to Table A7 - Budgeted Cash Flow Statement**

1. The budgeted cash flow statement is the first measurement in determining if the budget is funded.
2. It shows the expected level of cash in-flow versus cash out-flow that is likely to result from the implementation of the budget.

**Explanatory notes to Table A8 - Cash Backed Reserves/Accumulated Surplus Reconciliation**

1. The cash backed reserves/accumulated surplus reconciliation is aligned to the requirements of MFMA Circular 42 – Funding a Municipal Budget.
2. In essence the table evaluates the funding levels of the budget by firstly forecasting the cash and investments at year end and secondly reconciling the available funding to the liabilities/commitments that exist.
3. The outcome of this exercise would either be a surplus or deficit. A deficit would indicate that the applications exceed the cash and investments available and would be indicative of non-compliance with the MFMA requirements that the municipality’s budget must be “funded”.
4. Non-compliance with section 18 of the MFMA is assumed because a shortfall would indirectly indicate that the annual budget is not appropriately funded.

## **Explanatory notes to Table A9 - Asset Management**

1. Table A9 provides an overview of municipal capital allocations to building new assets and the renewal of existing assets, as well as spending on repairs and maintenance by asset class.
2. National Treasury has recommended that municipalities should allocate at least 40 per cent of their capital budget to the renewal of existing assets, and allocations to repairs and maintenance should be 9.8 per cent of PPE.
3. The following graph provides an analysis between depreciation and operational repairs and maintenance over the MTREF. It highlights the Municipality's strategy to address the maintenance backlog.

## **Explanatory notes to Table A10 - Basic Service Delivery Measurement**

1. Table A10 provides an overview of service delivery levels, including backlogs (below minimum service level), for each of the main services.

## **2 Part 2 – Supporting Documentation**

### **2.1 Overview of the annual budget process**

Section 53 of the MFMA requires the Mayor of the municipality to provide general political guidance in the budget process and the setting of priorities that must guide the preparation of the budget. In addition Chapter 2 of the Municipal Budget and Reporting Regulations states that the Mayor of the municipality must establish a Budget Steering Committee to provide technical assistance to the Mayor in discharging the responsibilities set out in section 53 of the Act. EXCO acts as the Budget Steering Committee.

The Budget Steering Committee consists of the Municipal Manager and senior officials of the municipality meeting under the chairpersonship of the Mayor.

The primary aim of the Budget Steering Committee is to ensure:

- that the process followed to compile the budget complies with legislation and good budget practices;
- that there is proper alignment between the policy and service delivery priorities set out in the Municipality's IDP and the budget, taking into account the need to protect the financial sustainability of municipality;
- that the municipality's revenue and tariff setting strategies ensure that the cash resources needed to deliver services are available; and
- that the various spending priorities of the different municipal departments are properly evaluated and prioritised in the allocation of resources.

#### **2.1.1 Budget Process Overview**

In terms of section 21 of the MFMA the Mayor is required to table in Council ten months before the start of the new financial year, a time schedule that sets out the process to revise the IDP and prepare the budget.

The Mayor tabled in Council the required the IDP and budget time schedule in August 2021. Key dates applicable to the process were noted and used in the compilation of the IDP and Budget process.

#### **2.1.2 IDP and Service Delivery and Budget Implementation Plan**

The Municipality's IDP is its principal strategic planning instrument, which directly guides and informs its planning, budget, management and development actions. This framework is rolled out into objectives, key performance indicators and targets for implementation which directly inform the Service Delivery and Budget Implementation Plan. The Process Plan applicable to the revision cycle included the following key IDP processes and deliverables:

- Registration of community needs;
- Compilation of departmental business plans including key performance indicators and targets;
- Financial planning and budgeting process;
- Public participation process;
- Compilation of the SDBIP, and
- The review of the performance management and monitoring processes.

The IDP has been taken into a business and financial planning process leading up to the 2022/23 MTREF, based on the approved 2021/22 MTREF, Mid-year Review and adjustments budget. The business planning process has subsequently been refined in the light of current economic circumstances and the resulting revenue projections.

### **2.1.3 Financial Modelling and Key Planning Drivers**

As part of the compilation of the 2022/23 MTREF, extensive financial modelling was undertaken to ensure affordability and long-term financial sustainability. The following key factors and planning strategies have informed the compilation of the 2022/23 MTREF:

- Municipality growth
- Policy priorities and strategic objectives
- Asset maintenance
- Economic climate and trends (i.e. inflation, Eskom increases, household debt, migration patterns)
- Performance trends
- The approved 2021/22 adjustments budget and performance against the SDBIP
- Cash Flow Management Strategy
- Debtor payment levels

In addition to the above, the strategic guidance given in National Treasury's MFMA Circulars 112 have been taken into consideration in the planning and prioritisation process.

---

## 2.2 Overview of alignment of annual budget with IDP

The Constitution mandates local government with the responsibility to exercise local developmental and cooperative governance. The eradication of imbalances in South African society can only be realized through a credible integrated developmental planning process.

Municipalities in South Africa need to utilise integrated development planning as a method to plan future development in their areas and so find the best solutions to achieve sound long-term development goals. A municipal IDP provides a five year strategic programme of action aimed at setting short, medium and long term strategic and budget priorities to create a development platform, which correlates with the term of office of the political incumbents. The plan aligns the resources and the capacity of a municipality to its overall development aims and guides the municipal budget. An IDP is therefore a key instrument which municipalities use to provide vision, leadership and direction to all those that have a role to play in the development of a municipal area. The IDP enables municipalities to make the best use of scarce resources and speed up service delivery.

Integrated developmental planning in the South African context is amongst others, an approach to planning aimed at involving the municipality and the community to jointly find the best solutions towards sustainable development. Furthermore, integrated development planning provides a strategic environment for managing and guiding all planning, development and decision making in the municipality.

It is important that the IDP developed by municipalities correlate with National and Provincial intent. It must aim to co-ordinate the work of local and other spheres of government in a coherent plan to improve the quality of life for all the people living in that area. Applied to the Municipality, issues of national and provincial importance should be reflected in the IDP of the municipality. A clear understanding of such intent is therefore imperative to ensure that the Municipality strategically complies with the key national and provincial priorities.

The aim of this revision cycle was to develop and coordinate a coherent plan to improve the quality of life for all the people living in the area, also reflecting issues of national and provincial importance. One of the key objectives is therefore to ensure that there exists alignment between national and provincial priorities, policies and strategies and the Municipality's response to these requirements.

The national and provincial priorities, policies and strategies of importance include amongst others:

- Green Paper on National Strategic Planning of 2009;
- Government Programme of Action;
- Development Facilitation Act of 1995;

- Provincial Growth and Development Strategy (PGDS);
- National and Provincial spatial development perspectives;
- Relevant sector plans such as transportation, legislation and policy;
- National Key Performance Indicators (NKPIs);
- Accelerated and Shared Growth Initiative (ASGISA);
- National 2014 Vision;
- National Spatial Development Perspective (NSDP) and
- The National Priority Outcomes.

The Constitution requires local government to relate its management, budgeting and planning functions to its objectives. This gives a clear indication of the intended purposes of municipal integrated development planning. Legislation stipulates clearly that a municipality must not only give effect to its IDP, but must also conduct its affairs in a manner which is consistent with its IDP. The following table highlights the IDP's five strategic objectives for the 2015/16 MTREF and further planning refinements that have directly informed the compilation of the budget:

**Table 15 IDP Strategic Objectives**

<b>2022/23 Financial Year</b>	<b>2022/23 MTREF</b>
1. The provision of quality basic services and infrastructure	1. Provision of quality basic services and infrastructure
2. Acceleration of higher and shared economic growth and development	2. Economic growth and development that leads to sustainable job creation
3. Fighting of poverty, building clean, healthy, safe and sustainable communities	3.1 Fight poverty and build clean, healthy, safe and sustainable communities
	3.2 Integrated Social Services for empowered and sustainable communities
4. Fostering participatory democracy and adherence to MKHAMBATHINI principles through a caring, accessible and accountable service	4. Foster participatory democracy and Mk principles through a caring, accessible and accountable service
5. Good governance, Financial viability and institutional governance	5.1 Promote sound governance
	5.2 Ensure financial sustainability
	5.3 Optimal institutional transformation to ensure capacity to achieve set objectives

In order to ensure integrated and focused service delivery between all spheres of government it was important for the Municipality to align its budget priorities with that of national and provincial government. All spheres of government place a high priority on infrastructure development, economic development and job creation, efficient service delivery, poverty alleviation and building sound institutional arrangements.

Local priorities were identified as part of the IDP review process which is directly aligned to that of the national and provincial priorities. The key performance areas can be summarised as follows against the five strategic objectives:

1. Provision of quality basic services and infrastructure which includes, amongst others:
  - Provide electricity;

- Provide waste removal;
  - Provide housing;
  - Provide roads and storm water;
  - Provide Municipality planning services; and
  - Maintaining the infrastructure of the Municipality.
2. Economic growth and development that leads to sustainable job creation by:
- Ensuring there is a clear structural plan for the Municipality;
  - Ensuring planning processes function in accordance with set timeframes;
  - Facilitating the use of labour intensive approaches in the delivery of services and the building of infrastructure.
- 3.1 Fight poverty and build clean, healthy, safe and sustainable communities:
- Effective implementation of the Indigent Policy;
  - Working with the provincial department of health to provide primary health care services;
  - Extending waste removal services and ensuring effective Municipality cleansing;
  - Ensuring all waste water treatment works are operating optimally;
  - Working with strategic partners such as SAPS to address crime;
  - Ensuring safe working environments by effective enforcement of building and health regulations;
  - Promote viable, sustainable communities through proper zoning; and
  - Promote environmental sustainability by protecting wetlands and key open spaces.
- 3.2 Integrated Social Services for empowered and sustainable communities
- Work with provincial departments to ensure the development of community infrastructure such as schools and clinics is properly co-ordinated with the informal settlements upgrade programme
4. Foster participatory democracy and MKHAMBATHINI principles through a caring, accessible and accountable service by:
- Optimising effective community participation in the ward committee system; and
  - Implementing MKHAMBATHINI in the revenue management strategy.
- 5.1 Promote sound governance through:
- Publishing the outcomes of all tender processes on the municipal website
- 5.2 Ensure financial sustainability through:
- Reviewing the use of contracted services
  - Continuing to implement the infrastructure renewal strategy and the repairs and maintenance plan
- 5.3 Optimal institutional transformation to ensure capacity to achieve set objectives

- Review of the organizational structure to optimize the use of personnel;

In line with the MSA, the IDP constitutes a single, inclusive strategic plan for the Municipality. The five-year programme responds to the development challenges and opportunities faced by the Municipality by identifying the key performance areas to achieve the five the strategic objectives mentioned above.

In addition to the five-year IDP, the Municipality undertakes an extensive planning and developmental strategy which primarily focuses on a longer-term horizon; 15 to 20 years. This process is aimed at influencing the development path by proposing a substantial programme of public-led investment to restructure current patterns of settlement, activity and access to resources in the Municipality so as to promote greater equity and enhanced opportunity. The strategy specifically targets future developmental opportunities in traditional dormitory settlements. It provides direction to the Municipality's IDP, associated sectoral plans and strategies, and the allocation of resources of the Municipality and other service delivery partners.

This development strategy introduces important policy shifts which have further been translated into seven strategic focus areas/objectives as outlined below:

- Developing dormant areas;
- Enforcing hard development lines – so as to direct private investment;
- Maintaining existing urban areas;
- Strengthening key economic clusters;
- Building social cohesion;
- Strong developmental initiatives in relation to the municipal institution as a whole; and
- Sound financial fundamentals.

Lessons learned with previous IDP revision and planning cycles as well as changing environments were taken into consideration in the compilation of the 2021/22 revised IDP, including:

- Strengthening the analysis and strategic planning processes of the Municipality;
- Initiating zonal planning processes that involve the communities in the analysis and planning processes. More emphasis was placed on area based interventions, within the overall holistic framework;
- Ensuring better coordination through a programmatic approach and attempting to focus the budgeting process through planning interventions; and
- Strengthening performance management and monitoring systems in ensuring the objectives and deliverables are achieved.

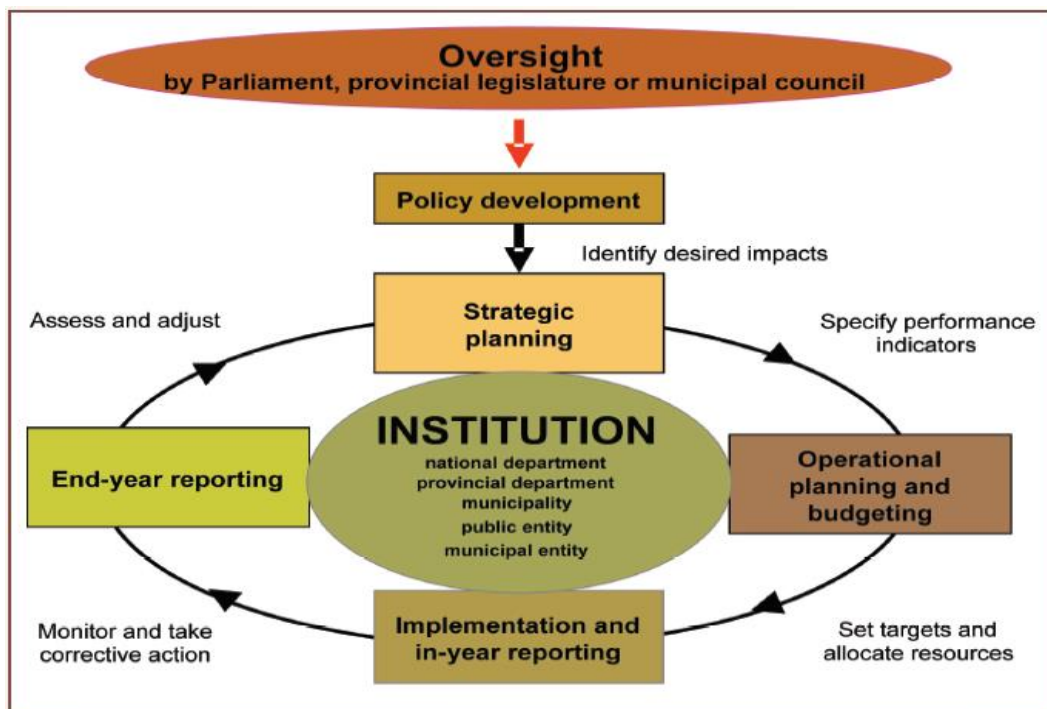

The 2022/23 MTREF has therefore been directly informed by the IDP revision process and the following tables provide a reconciliation between the IDP strategic objectives and operating revenue, operating expenditure and capital expenditure.

## 2.3 Measurable performance objectives and indicators

Performance Management is a system intended to manage and monitor service delivery progress against the identified strategic objectives and priorities. In accordance with legislative requirements and good business practices as informed by the National Framework for Managing Programme Performance Information, the Municipality has developed and implemented a performance management system of which system is constantly refined as the integrated planning process unfolds. The Municipality targets, monitors, assesses and reviews organisational performance which in turn is directly linked to individual employee's performance.

At any given time within government, information from multiple years is being considered; plans and budgets for next year; implementation for the current year; and reporting on last year's performance. Although performance information is reported publicly during the last stage, the performance information process begins when policies are being developed, and continues through each of the planning, budgeting, implementation and reporting stages. The planning, budgeting and reporting cycle can be graphically illustrated as follows:

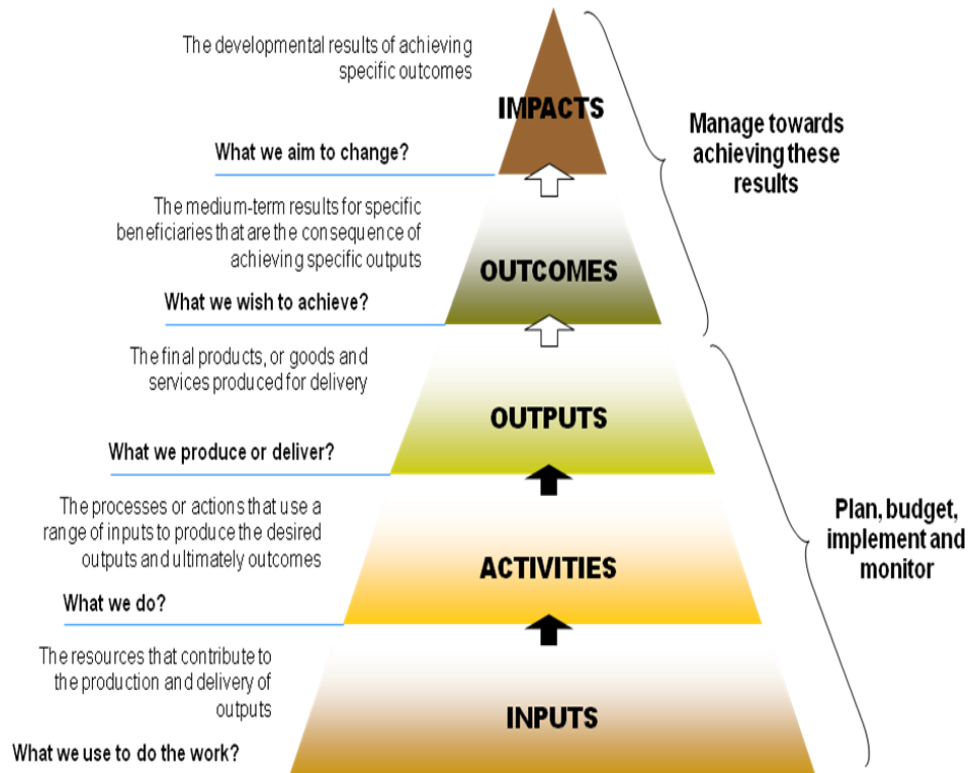

**Figure 1 Planning, budgeting and reporting cycle**

The performance of the Municipality relates directly to the extent to which it has achieved success in realising its goals and objectives, complied with legislative requirements and meeting stakeholder expectations. The Municipality therefore has adopted one integrated performance management system which encompasses:

- Planning (setting goals, objectives, targets and benchmarks);
- Monitoring (regular monitoring and checking on the progress against plan);

- Measurement (indicators of success);
- Review (identifying areas requiring change and improvement);
- Reporting (what information, to whom, from whom, how often and for what purpose); and
- Improvement (making changes where necessary).

The performance information concepts used by the Municipality in its integrated performance management system are aligned to the **Framework of Managing Programme Performance Information** issued by the National Treasury:

**Figure 2 Definition of performance information concepts**

**Table 165 MBRR Table SA8 - Performance indicators and benchmarks**

### 2.3.1.1

### 2.3.1.2 *Borrowing Management*

Capital expenditure in local government can be funded by capital grants, own-source revenue and long term borrowing. The ability of a municipality to raise long term borrowing is largely dependent on its creditworthiness and financial position. The following financial performance indicators have formed part of the compilation of the 2022/23 MTREF:

- *Borrowing funding of own capital expenditure* measures the degree to which own capital expenditure (excluding grants and contributions) has been funded by way of borrowing. The average over MTREF is nil per cent.

### 2.3.1.3 *Safety of Capital*

### 2.3.1.4 *Liquidity*

- *Current ratio* is a measure of the current assets divided by the current liabilities and as a benchmark the Municipality has set a limit of 1, hence at no point in time should this ratio be less than 1. For the 2022/23 MTREF the current ratio is 2.6 in the 202021 financial year and 4.5 and 5,.2 for the two outer years of the MTREF. These are only estimates at this stage
- *The liquidity ratio* is a measure of the ability of the municipality to utilize cash and cash equivalents to extinguish or retire its current liabilities immediately. Ideally the municipality should have the equivalent cash and cash equivalents on hand to meet at least the current liabilities, which should translate into a liquidity ratio of 1. Anything below 1 indicates a shortage in cash to meet creditor obligations.

### 2.3.1.5 *Revenue Management*

- As part of the financial sustainability strategy, an aggressive revenue management framework is going to be implemented to increase cash inflow, not only from current billings but also from debtors that are in arrears in excess of 90 days. The intention of the strategy is to streamline the revenue value chain by ensuring accurate billing, customer service, credit control and debt collection. For this purpose and exercise with Trans Union has commenced.

### 2.3.1.6 *Creditors Management*

- The Municipality managed to ensure that creditors are settled within the legislated 30 days of invoice.

## 2.4 **Overview of budget related-policies**

The Municipality's budgeting process is guided and governed by relevant legislation, frameworks, strategies and related policies. The following budget-related policies have been approved by Council, or have been reviewed or amended and/or are currently being reviewed/amended in line with National Guidelines and other legislation. The policies are opened for inspection and comment and the final copies will be tabled when the budget is adopted in May 2022.

- 2.4.1 Budget Policy
- 2.4.2 Supply Chain Management Policy
- 2.4.3. Property Rates Policy
- 2.4.4 Tariff Policy
- 2.4.5 Credit Control & Debt Collection Policy
- 2.4.6 Subsistence & Travel Policy
- 2.4.7 Leave Policy
- 2.4.8 Virement Policy
- 2.4.9 Cash Management and Investment Policy
- 2.4.10 Overtime Policy
- 2.4.11 Budget policy
- 2.4.12 Banking Policy
- 2.4.12 Indigent Policy
- 2.4.12 Recruitment Policy

## 2.6 Annual budgets and SDBIPs – internal departments

In terms of section 53(1)©(ii) the Mayor must take all reasonable steps to ensure that the municipality's service delivery and budget implementation plan is approved by the mayor within 28 days after the approval of the budget.

## 2.7 Capital expenditure details

The following three tables present details of the Municipality's capital expenditure programme, firstly on new assets, then the renewal of assets and finally on the repair and maintenance of assets.

## 2.8 Legislation compliance status

Compliance with the MFMA implementation requirements have been substantially adhered to through the following activities:

1. In year reporting  
Reporting to National Treasury in electronic format was fully complied with on a monthly basis. Section 71 reporting to the Mayor (within 10 working days) has progressively improved and includes monthly published financial performance on the Municipality's website.
2. Internship programme  
The Municipality is participating in the Municipal Financial Management Internship programme and has employed five interns undergoing training in various divisions of the Financial Services Department. Since the introduction of the Internship programme the Municipality has successfully employed and trained 5 interns through this programme and a majority of them were appointed either in Mkhambathini Municipality or other municipalities.
3. Budget and Treasury Office  
The Budget and Treasury Office has been established in accordance with the MFMA.

4. **Audit Committee**  
An Audit Committee has been established and is fully functional.
5. **Service Delivery and Implementation Plan**  
The detail SDBIP document is at a draft stage and will be finalised after approval of the 2022/23 MTREF in May 2022 directly aligned and informed by the 2021/22 MTREF.
6. **Annual Report**  
Annual report is compiled in terms of the MFMA and National Treasury requirements.
